Thank you for joining us at the Agricultural History Farm Park. Stop by the Information table and consider joining the Friends of the Farm. You will receive a quarterly newsletter and advance notice of coming events at the farm in 2022. The Friends of the Farm is an all-volunteer group (501(c)3) of people dedicated to preserving the history of agriculture in Montgomery County.

We would like to thank our many crafters and vendors for joining us this weekend. And thank you to all those who brought your tractors, cars, and engines to display. This event would not be possible without your support.

Thank you especially to Gladhill Tractors in Damascus for their generosity.

Thank you to the staff of Montgomery County Parks for their continued commitment to supporting the Friends of the Farm Park and the Agricultural History Farm Park.
